Stormont-Vail Health Care Collaborates with Mayo Clinic

[Stormont-Vail HealthCare](#) and [Mayo Clinic](#) officials announced April 1, 2014 that the Topeka-based health system has become a member of the [Mayo Clinic Care Network](#), a national network of like-minded organizations that share a commitment to better serving patients and families. Stormont-Vail HealthCare is the first health system in Kansas to join the network.

"Stormont-Vail HealthCare is committed to being a national leader in health care through collaboration and innovation," said Randy Peterson, president and CEO, Stormont-Vail HealthCare. "Working with Mayo Clinic through the Mayo Clinic Care Network offers our physicians yet another resource to help them provide the kind of innovative care that our patients have come to expect from us."

Stormont-Vail HealthCare specialists now have access to Mayo Clinic resources to enhance patient care, including the latest Mayo-vetted medical information through its AskMayoExpert database and eConsults that connect physicians with Mayo Clinic experts on questions of diagnosis, therapy or care management. These tools will allow staff at Stormont-Vail to continue to improve the quality of health in the community.

Topeka Regional Airport Needs Fliers!

Air service has arrived, **but will only stay here if we use it.** It is vital that Topeka continue to have first-rate air service. This service is critical to the success of our community. Air service not only benefits the local economy but will lead to expanded opportunities in the future. We need you and your business associates to always make United Airlines out of Topeka (FOE) your first option. With growing use we will see additional flights and destinations which will enhance connections to other cities around the world.

The Metropolitan Topeka Airport Authority and Go Topeka are guaranteeing the airline receives a minimum level of revenue for each flight from state and federal grants that were procured. **There are limited resources to pay for the empty seats and when these funds are exhausted, air service from Topeka could be gone.**

If service in Topeka is successful, United may decide to add more flights to Chicago or to start routes to other hub destinations such as Denver or Dallas, but first the capital city has to prove it has a sufficient customer base. [Book your flight now](#) using airport code FOE.
